

Beekeeping with iBeekeeper

TALK FOR BEEKEEPING ASSOCIATIONS

Hive cards, tasks, treatments, harvests and inventory – in the browser and as an app

The screenshot displays the iBeekeeper web application interface. On the left is a dark sidebar with navigation options: Overview, Colony groups, Calendar, Task templates, Treatments, Feedings, Harvests, Queen Breeding, Storage, My devices, Knowledge Base, Map of apiaries, Statistics, and Reports. The main content area is titled 'Bee Colonies' and shows a table with 3 colonies. The table columns are NAME, KÖNIGIN, ZEICHENFARBE, ZEICHENNUMMER, BEUTENART, FEED AMOUNT (6 MONTHS), and ACTIONS. The colonies listed are Colony 1 (Queen Frieda, Sign 25, 12, 15 L), Colony 2 (Queen Hermine, Sign 24, 7, 15 L), and Nuc (Queen Lotte, Sign 26, 20 L). At the bottom of the sidebar, a user profile for 'Alex Beispiel' is shown with '3 Bee Colonies'. The bottom right of the main area contains buttons for 'Ask iBee', a user icon, and a calendar icon.

	NAME	KÖNIGIN	ZEICHENFARBE	ZEICHENNUMMER	BEUTENART	FEED AMOUNT (6 MONTHS)	ACTIONS
☐	Colony 1	Frieda	25	12	-	15 L	
☐	Colony 2	Hermine	24	7	-	15 L	
☐	Nuc	Lotte	26		-	20 L

All colonies at a glance

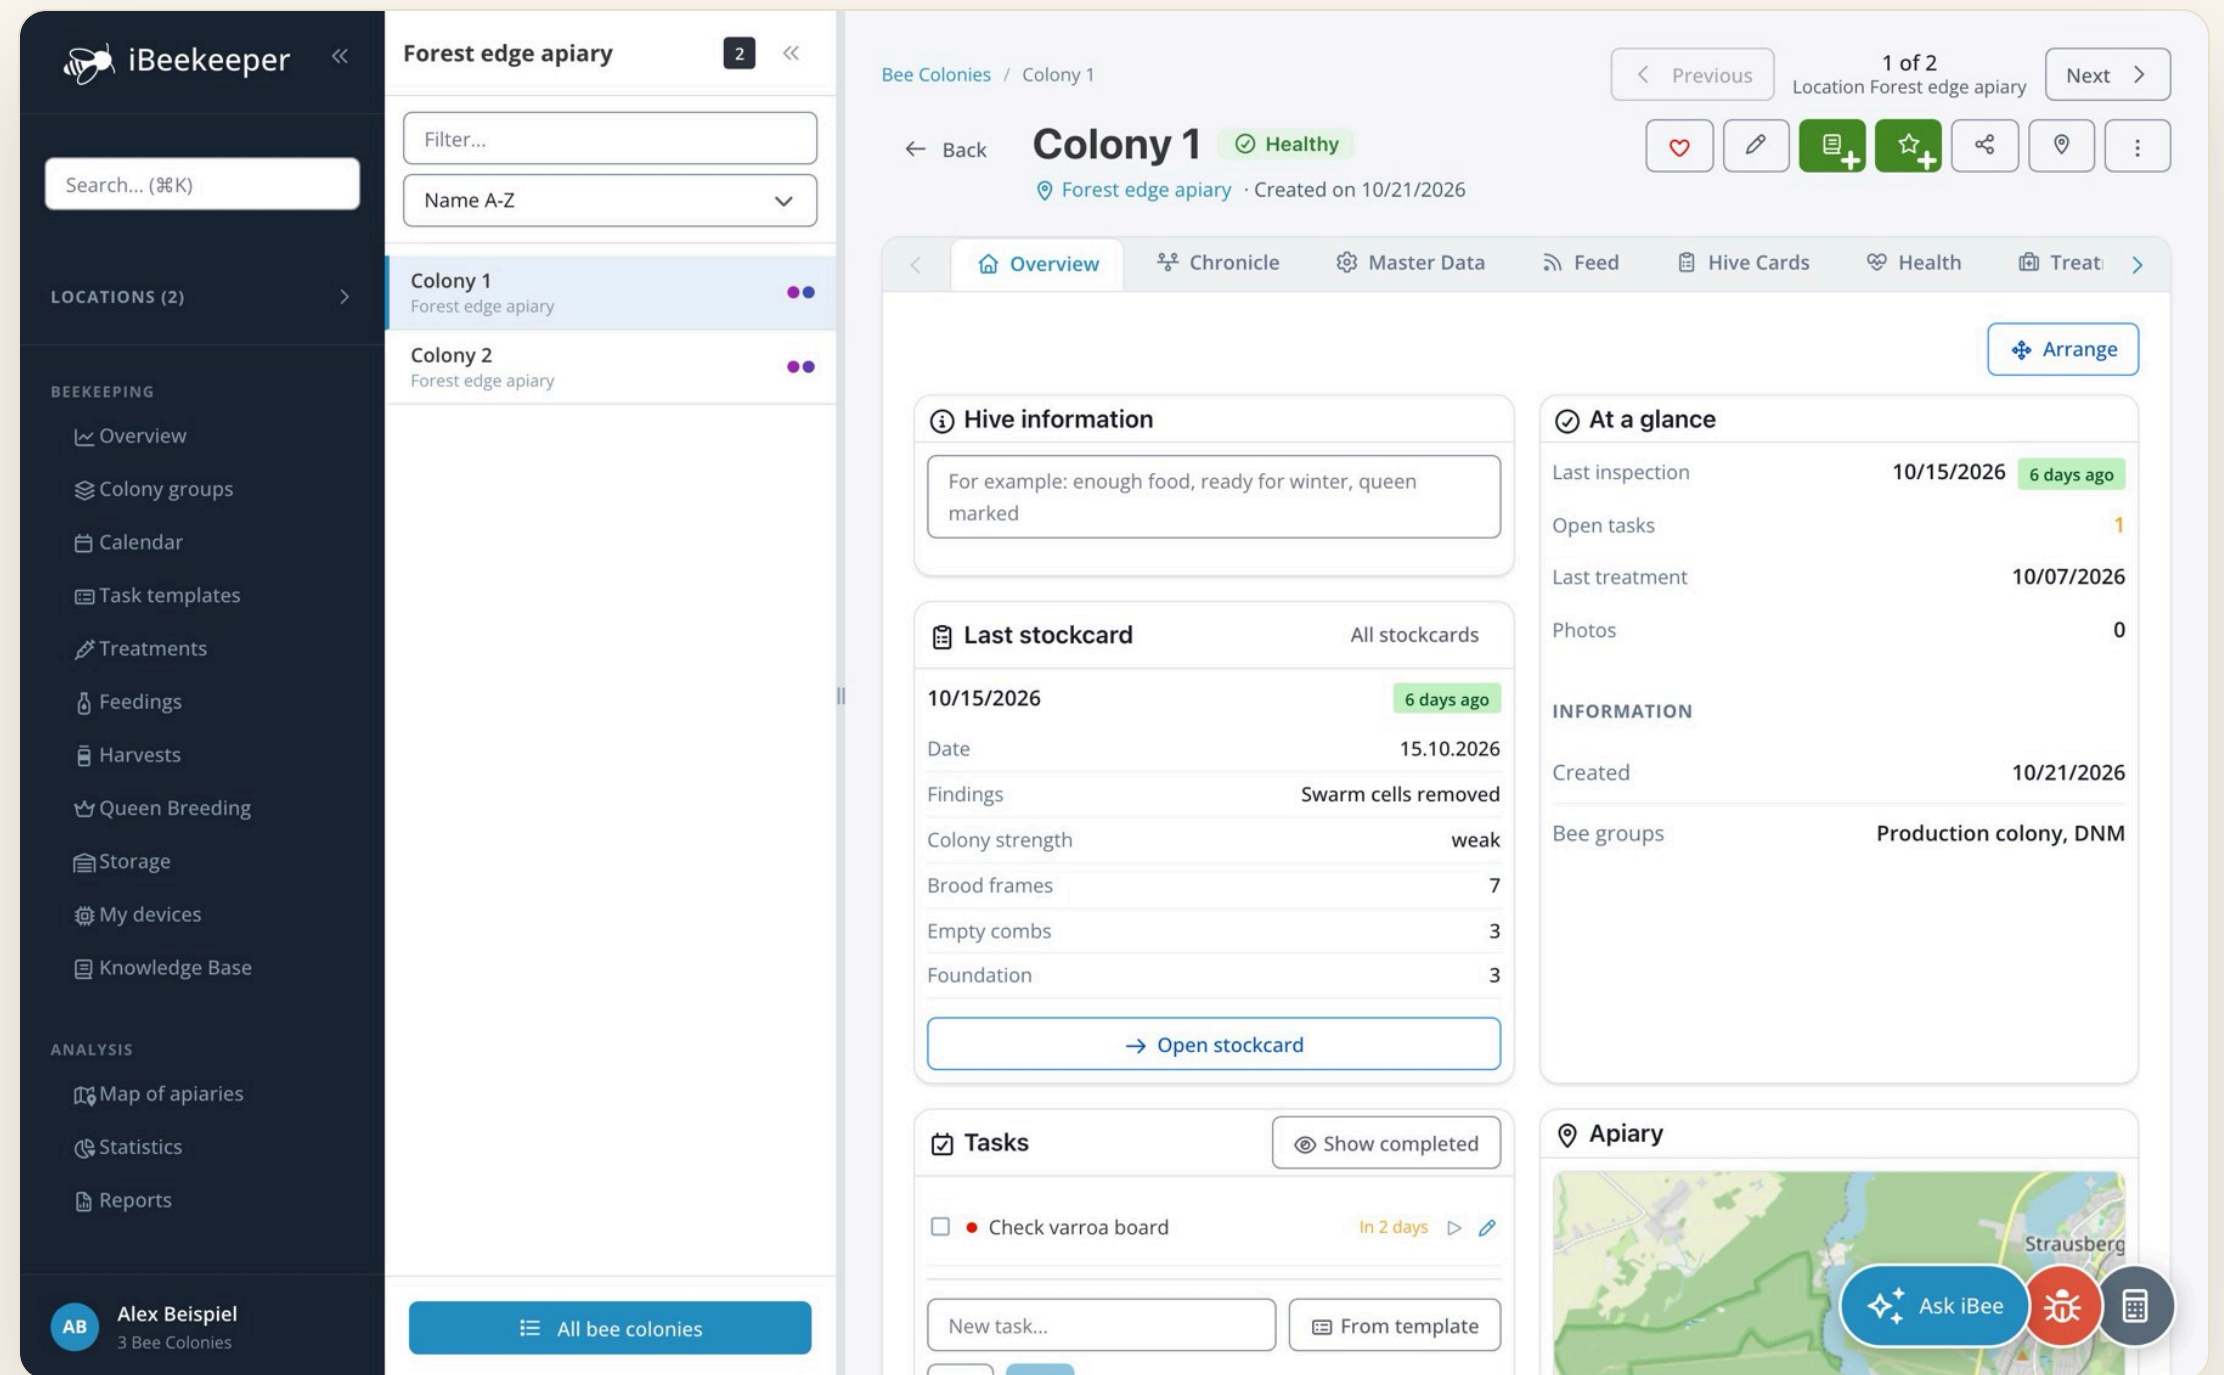

- All colonies in one list with queen, marking colour and marking number
- Apiaries and colony groups keep your colonies organised
- Amount fed in the last six months for each colony

The screenshot displays the iBeekeeper app interface. On the left is a dark sidebar with navigation options: Overview, Colony groups, Calendar, Task templates, Treatments, Feedings, Harvests, Queen Breeding, Storage, My devices, Knowledge Base, Map of apiaries, Statistics, and Reports. The main area shows a 'Bee Colonies' list with columns for NAME, KÖNIGIN, ZEICHENFARBE, ZEICHENNUMMER, BEUTENART, FEED AMOUNT (6 MONTHS), and ACTIONS. Three colonies are listed: Colony 1 (Queen Frieda, Marking 25, 12 bees, 15 L feed), Colony 2 (Queen Hermine, Marking 24, 7 bees, 15 L feed), and Nuc (Queen Lotte, Marking 26, 0 bees, 20 L feed). Each row has action buttons for view, edit, delete, add, favorite, and more. The bottom right corner features buttons for 'Ask iBee', a user profile icon, and a calculator icon.

	NAME	KÖNIGIN	ZEICHENFARBE	ZEICHENNUMMER	BEUTENART	FEED AMOUNT (6 MONTHS)	ACTIONS
☐	Colony 1	Frieda	25	12	-	15 L	
☐	Colony 2	Hermine	24	7	-	15 L	
☐	Nuc	Lotte	26		-	20 L	

The hive card

- Every inspection as a hive card, with fields you define yourselves
- At a glance: last inspection, open tasks, last treatment
- All hive cards of a colony over time

Tasks and calendar

- Tasks for a colony, an apiary or in general
- Calendar with year, month, week and day view
- Task templates for recurring work

Ask iBee

Treatments and records

- Treatments with product, period and serial number
- Medicine record book (Germany) and treatment journal as reports
- For Switzerland: stock control and inventory list of veterinary medicines
- The records are available with a paid package or during the trial period

Harvest and QR code for the honey jar

- Harvests with batch number, water content and amount per colony
- Every harvest gets a QR code for the honey jar
- You decide what buyers see after scanning, and print the label straight away

The screenshot displays the iBeekeeper app interface. On the left is a dark sidebar with a search bar and a menu. The main area shows a 'Spring honey' harvest entry with various details and options.

Ask iBee

A group for your association

- Create a group in the Community with the category “Association”
- Closed group: accept or decline join requests
- Invitation link for your members: valid for 90 days and can be withdrawn at any time

Working on colonies together

- An organisation, for example for the teaching apiary, with the roles administrator, member and viewer
- Share apiaries and colonies with the organisation: view, edit or full management
- Friends by QR code: scanning it sends a friend request

How to get started

- 1 Create a free account
- 2 Create a group in the Community with the category "Association"
- 3 Create an invitation link and pass it on to your members
- 4 For shared colonies, create an organisation and grant access

To try it out: Settings → Demo data → "Load sample data"
